About the Warrior Dance Team:

The Warrior dance team has been in existence since 2005. The team has competed since 2006 in both high kick and jazz. The 2009-2010 was their most successful season competing in the jazz category only. The team had two 1st place finishes and its highest place finish in sections (4th) barely missing qualifying for the state tournament.

Practice for the dance team start mid-October with competitions occurring December through February. The team also performs at the West girls and boys basketball games. Check out the 2009-2010 dance routine along with other dance team information at <http://www.wlhs.net/dance>.

No dance experience is necessary-
just great attitudes and energy!
