

## **Exciting News: MCAA Launches Hudl Broadcasting Conference Channel!**

The MCAA is excited to introduce a new **Hudl Conference Channel**, offering families and fans access to live-streamed games across the entire conference.

This new platform covers **Volleyball, Boys & Girls Basketball**, and—when field setup allows—**Boys & Girls Soccer, Baseball, and Softball**.

One of the biggest benefits: **you will no longer be charged separately for each school's broadcast**. Instead, a single subscription gives you access to *all available games* from participating MCAA schools.

### **Subscription Options:**

- **Daily Pass:** \$10
- **Monthly Access:** \$30
- **Annual Access:** \$100

This is a cost-effective way to stay connected and support your athletes—whether at home or on the road.
